Languages: JavaScript

Technologies: HTML, CSS, Node.js, React, MySQL, MongoDB, JQuery, Bootstrap

Experience

Marketing & Sales Lead

Crystal Clean

Tel Aviv

Sep 2016 - Sep 2021

- Doubled the number of clients for the company by evaluating the market and advertising to the firms that were in need of cleaning services, which increased monthly revenues by ₪200,000.
- Managed the company email to respond to prospective clients, provide accurate cost estimates, and secure long-time partnerships.
- Maintained a same-day response policy to demonstrate the company's commitment to reliability.
- Oversaw the phone line which allowed the company to provide emergency cleaning services.
- Forwarded customer feedback to the head of the company in order to resolve complaints and maintain the company's positive reputation, which made us trusted at high-profile firms such as large tech companies, government buildings, and financial institutions.

Notable Projects

Netflix Clone

- Used React, axios and the latest movie database APIs to create a responsive film website which allows users to see the newest movie releases by category. Also created a Netflix design for the app.

CryptoCurrency Live Price Movement Tracker

- Created a client-side website using Bootstrap, JQuery and a real CryptoCurrency API to deliver real-time price data to users.

Local Weather App

- Created a single-page application using HTML, CSS and JavaScript to show weather based on the user's selected city or their current location.
